

PRESS RELEASE

San Francisco, CA - March 2003

Products for Sports & Outdoors

Britanne Corporation® is dedicated to supplying the most superior microfiber towels to the Sport & Outdoor Industry.

Every super absorbent Aquis® towel is woven from our unique Aquitex® microfiber, an ingenious innovation that instantly soaks up water on contact. Aquis® towels are designed to dry hair and body faster, and more thoroughly than other towels. Even though this incredible fabric aggressively wicks moisture away from the point of contact, it is still soft and supple, and will always feel like an actual towel.

Aquis® towels are also quick-drying, ultra-lightweight, compact and durable, making them perfect for travel, sports, the gym and any outdoor activity.

ANYWHERE TOWELS ARE NEEDED!

Different Sizes for Different Uses

Aquis® Adventure Microfiber towels are available in four sizes to fit every lifestyle and activity:

Small (10" x 14")-Great as a **face cloth**, and for **hikers who are weight concious** with their gear, this fabulous little towel weighs **less than 2 ounces**.

Medium (15" x 29")-Perfect size for the **Gym**, and for highly mobile activites like **running** and **biking**.

Large (19" x 39")-Our **best selling size**. Perfect for **camping**, **day hiking**, and **swimming**. Big enough to dry your entire body, but not too cumbersome to pack back into your gear, or clip on the outside of your gear.

X-Large (29" x 55")-Great size for **Swimming** and **Travel**

Other Great Features

Aquis® Adventure Microfiber colors are made in five "dirt hiding" colors: Graphite, Plum, Blueberry, Seafoam, and Stone.

All Aquis® Adventue Microfiber towels have a handy loop and snap so that towels snap easily onto the outside of gear for quick drying.
